## Autumn/Winter 2023/24

**Thursday And Sunday Walks:** All members participate in these walks at their own risk. They should bring with them sufficient food and water and wear suitable clothing and footwear, and adequate first aid items for their own use. Stout boots must be worn on all mountain and moorland walks. Leaders have the authority to refuse to take members who, in the leader's opinion, do not appear fit enough for the proposed route or are insufficiently equipped. Members are reminded that walk leaders cannot be responsible for ramblers who go ahead of the group and beyond visual contact, or who leave the group without informing the leader or backmarker. We regret dogs cannot be permitted. More details of the walks may be obtained from the leaders, whose phone numbers and email addresses are included. Many thanks to all the leaders who have offered the walks listed below.

### Walks arrangements until further notice

**Booking:** if you wish to join a walk, please contact the leader (preferably by email where address supplied, or by phone) not more than one week before the walk; numbers on some walks may be restricted e.g. by parking capacity.

**Transport:** where parking capacity is limited members are encouraged to share cars (e.g., 1-2 passengers/car), where practical and only if they are comfortable with this. Leaders can advise on transport options and parking issues. Start of walk times may be adjusted nearer the walk date where parking is an issue. When sharing cars, contributions towards fuel costs are suggested as £3/passenger on average (and subject to fuel prices), less on short rides or up to £5 for longest trips at driver's discretion.

## Grades Of Walks

- A** – A strenuous outing, mostly mountains, perhaps some scrambling; if easier terrain, it will be long
- B** – Moderate for the reasonably fit, but often visiting mountain tops
- C** – Easy, mostly pastoral
- D** – Easy, short
